Item 2.02 Results of Operations and Financial Condition.

On July 14, 2005, Landstar System, Inc. issued a press release announcing results for the second quarter of fiscal 2005. A copy of the press release is attached hereto as Exhibit 99.1.

In the press release attached hereto, Landstar provided the following information that may be deemed non-GAAP financial measures: (1) with respect to anticipated results for the fiscal quarter ending September 24, 2005, anticipated revenue growth for the third quarter of 2005 excluding revenue related to emergency transportation services under a contract between Landstar Express America, Inc. and the United States Federal Aviation Administration (the "FAA") and (2) with respect to the twenty six and thirteen week periods ended June 25, 2005, revenue per load for the multimodal segment excluding revenue and loads related to emergency transportation services provided primarily under a contract with the FAA.

Each of the foregoing financial measures should be considered in addition to, and not as a substitute for, the corresponding GAAP financial information also presented in the press release.

Management believes that it is appropriate to present this financial information for the following reasons: (1) the amount of emergency transportation services to be provided by Landstar relating to possible storms that may impact the United States during the third quarter of 2005 or any other anticipated disaster relief services to be provided by Landstar under the contract with the FAA cannot be determined at this time; (2) a significant portion of the emergency transportation services previously provided under the FAA contract were provided on the basis of a daily rate for the use of transportation equipment in question, and therefore load and per load information is not necessarily available or appropriate for a significant portion of the related revenue; (3) disclosure of these matters will allow investors to better understand the underlying trends in Landstar's financial condition and results of operations; (4) this information will facilitate comparisons by investors of Landstar's results as compared to the results of peer companies and (5) management considers this financial information in its decision making.

The information furnished under Item 2.02 of this Current Report on Form 8-K, including Exhibit 99.1 hereto, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933.

LANDSTAR SYSTEM REPORTS RECORD SECOND QUARTER REVENUE,

NET INCOME AND DILUTED EARNINGS PER SHARE

Jacksonville, FL – Landstar System, Inc. (NASDAQ: LSTR) reported record second quarter net income in 2005 of \$23.5 million, or \$.39 per diluted share. Net income in the 2004 second quarter was \$17.6 million, or \$.29 per diluted share. Revenue increased approximately 12 percent to a record \$539 million for the thirteen-week period ended June 25, 2005, up from \$482 million for the thirteen-week period ended June 26, 2004. Operating margin was 7.3 percent in the 2005 second quarter, compared to 6.1 percent in the 2004 second quarter.

Landstar's carrier group of companies generated \$412 million of revenue in the 2005 second quarter, compared with revenue of \$364 million in the 2004 second quarter. In the 2005 and 2004 second quarters, the carrier group invoiced customers \$28.7 million and \$13.7 million, respectively, of fuel surcharges that were passed on 100 percent to business capacity owners and excluded from revenue. Landstar's multimodal services group of companies generated \$119 million of revenue in the 2004 second quarter.

Net income for the twenty-six-week period ended June 25, 2005 was \$41.4 million, or \$.68 per diluted share, compared to \$25.7 million, or \$.42 per diluted share, for the twenty-six-week period ended June 26, 2004. The 2004 period included \$7.6 million of costs to settle one severe accident. This charge, net of related income tax benefits, reduced net income by \$4.9 million, or \$.08 per diluted share. Revenue was \$1.041 billion in the 2005 first half, compared to revenue of \$903 million in the 2004 first half. Operating margin for the 2005 twenty-six-week period was 6.6 percent, compared with 4.8 percent in the 2004 twenty-six-week period. Operating Margin in the 2004 twenty-six-week period was reduced .8 percent by the previously referred to accident.

LANDSTAR SYSTEM/2

Landstar's carrier group of companies generated \$784 million of revenue in the twenty-six-week period ended June 25, 2005, compared with \$685 million in the twenty-six-week periods, the carrier group invoiced customers \$49.3 million and \$22.0 million, respectively, of fuel surcharges that were passed on 100 percent to business capacity owners and excluded from revenue. Landstar's multimodal services group of companies generated \$243 million of revenue in the 2005 twenty-six-week period compared with \$203 million in the 2004 period.

"I am pleased with Landstar's 2005 second quarter performance," said Landstar President and CEO Henry Gerkens. "Consolidated revenue increased 12 percent over the 2004 second quarter, making it the seventh consecutive quarter of double digit revenue growth. Revenue generated through truck brokerage increased 39 percent quarter over quarter. In addition, operating margin improved by 120 basis points and diluted earnings per share increased 34 percent. We increased the number of available third party truck capacity providers to 27,903, an increase of 1,083 since the beginning of the 2005 second quarter and 1,882 since the beginning of the year."

"Trailing twelve-month return on average equity remained high at 46.5 percent and return on invested capital, net income divided by the sum of average equity plus average debt, was 31.2 percent. During the second quarter, Landstar purchased 1,428,962 shares of its common stock at a total cost of \$45,712,000, bringing the total number of shares purchased during the first half of 2005 to 2,421,380 at a total cost of \$80,659,000." Gerkens said. "The Company has the ability to purchase an additional 976,900 shares of its common stock under its authorized share repurchase program."

"Based upon the current operating environment and exclusive of any revenue in the 2005 third quarter generated under the Landstar Express America contract with the FAA relating to disaster relief efforts, I anticipate revenue growth for the third quarter of the 2005 fiscal year to be within a range of 6 to 10 percent and 12 to 16 percent excluding from 2004 third quarter revenue the \$27,887,000 of revenue related to disaster relief efforts for the storms that impacted the southeastern United States. I anticipate earnings for the third quarter to be within the current

LANDSTAR SYSTEM/3

range of analysts' earnings estimates, as reported by FIRST CALL, of \$.36 to \$.41 per diluted share."
